

Camper's Checklist

HINTS FOR PACKING:

- Put Camper's name on everything!!
- Pack Light! Remember, on the last day campers must carry everything down back down the hills by themselves and it gets tiring.
- Duffel bags, backpacks, small suitcases are recommended. Footlockers & trunks are too heavy for campers to carry back down the hills.
- You are responsible for your things!
- DO NOT bring expensive, valuable items or 'good' clothing.
- Be sure to double check your possessions before leaving camp! Items that are left behind or lost at camp are hard to match to their owners.

Whew!! KEEP IN MIND –

At check-in campers can have help hauling stuff up to their cabins;

But on the last day campers MUST carry everything back down the hills by themselves!

Don't bring unnecessary stuff, it gets heavy to carry.
